Re: Corey Pearce,

I am writing this letter in support of Corey Pearce in his future educational endeavours.

I have known and worked with Corey for several years in my capacity as Special Educational Resource Teacher at St. Marys' Secondary School and as a member of the local Autism Society.

During this period I have found Corey to have a profound and intuitive understanding of the needs of children with exceptionalities and a how to interact with them successfully. Corey also takes the initiative to develop and implement strategies while at the same time seeking appropriate support from other support staff.

I feel that Corey possesses great creativity and initiative that will always bring a unique perspective to any educational setting.

Please call me if you have any questions.
